Tejasvi Sawant

React Developer

PROFESSIONAL SUMMARY

Experienced React Developer with 4 year's expertise in developing high-quality web applications. Specializes in intuitive user interfaces, utilizing the latest technologies, and meeting project objectives and deadlines. Proficient in React, JavaScript, and related frameworks, committed to staying updated on emerging trends. A team-oriented individual with excellent problem-solving abilities, committed to innovation and providing outstanding user experiences in various settings. Successfully contributed to 4+ live projects, demonstrating hands-on experience and a track record of delivering tangible results.

PROFESSIONAL EXPERIENCE

Tata Consultancy Services   Mumbai-System Engineer
Jan 2023 to Present

- Designed and developed ReactJS web apps, integrating libraries like React-Router-Dom, React Query, Axios, and Redux Toolkit.
- Implemented CSS frameworks (React-Bootstrap, Telerik) to enhance interface aesthetics, boosting user experiences.
- Spearheaded an automated production issue monitoring system, consolidating data from six systems to create a comprehensive visualization dashboard.
- Contributed significantly to a project modernizing legacy technology, focusing on React front-end development.
- Collaborated with cross-functional teams to ensure seamless integration and deployment of React solutions.
- Investing 1-2 hours weekly in keeping up-to-date with emerging trends and technologies in React and related frameworks.

Infosys PVT LTD   Pune- System Engineer
Oct 2019 to Dec 2022

- Developed new user-facing features using React.js, emphasizing the creation of reusable components and frontend libraries for future use.
- Translated designs and wireframes into high-quality, responsive code.
- Conducted changes in the existing application when required, maintaining code integrity and functionality.
- Collaborated with a team of 10 offshore members to ensure timely and quality deliverables.
- Monitored and optimized frontend performance to enhance user experience.
- Actively participated in code reviews and collaborated with team members to maintain code standards and project objectives.
